Omschrijving

The Cuisipro Folding Grater Fine, incorporates Surface Glide Technology™, and soft-touch handle for easy grip. Exclusive to Cuisipro, Surface Glide Technology™ grooved grating surface takes etched graters to the next level by creating the perfect balance between ease of grating and maximum efficiency. The science behind this technology is based on the repeated grooved pattern that is spread evenly across the face of the grating surface, creating a larger cutting surface for food and allowing you to grate more with less effort.

- Folded handle design, features side buttons, which allow you to fold the grater to varying angles - 45°, 90°, 135°, 180°
- Featuring non-slip ends with feet, for grating stability
- Protective cover doubles as a measuring device
- Push button on both sides to easily move the handle
- Fine blade is ideal for grating spices, citrus fruits, hard cheeses, ginger, garlic, cloves, chili, chocolate and nuts

Number of Pieces: 1

Material: Stainless-steel / Plastic

Care: Dishwasher safe, handwashing preferred

Dimensions: 9" X 12.5" X 0.25
